Remember the Feast Days are not Jewish feast days, they belong to YHWH, they are His Feast and we are invited to come to His Holy Convocations which are to be rehearsed by us Hebrew Israelites which are proclaimed in their seasons.

There were no Jews when the Israelites received the Torah.

Please understand this, it is very hard to predict the New Moon in advance.

I do not care how much technology we have available to us today.

It is very very hard to accurately predict when the new moon is going to occur.

This is why there will always be different opinions concerning when the Feast day will occur.
